LANDSCAPE · PATH LIGHT

Evening Path Light

Light the way after dark with the Evening Path Light. Its low-profile hooded head directs a warm, glare-free pool of light along walkways and garden beds, guiding steps without glaring into eyes. Wired on a simple low-voltage run, it installs easily along any bed or walk, and the wet-rated build shrugs off rain, sun, and changing seasons year after year. Three finishes — Silver, Black, and Antique Brass — coordinate with the rest of the Evening family and your other outdoor fixtures. Durable landscape lighting that makes the yard beautiful past sunset.
